Raise Your Child with Faith and Excellence

ADMISSION OPEN (SESSION 2024-25)

FROM PLAY - IV (Gradually O Level)

An English Medium School with
Cambridge Curriculum

AN NOOR ACADEMY

Where Faith Meets Excellence

ABOUT US

The challenges of the 21st century are immense and innumerable. The social dynamics are rapidly changing with ever-evolving human nature. The traditional values that we cherish are now facing that wave of change. Our outlook on our society, our lives, and our spirituality are being challenged by materialism.

We want our children to be resilient in the face of challenges. This can only be done if they are confident in what they hold for and what they cherish. This confidence must stand on a strong moral foundation and competent education to make them stand out.

Annoor Academy is adamant about building that moral foundation in our students, and it has taken a well-designed path to provide a world-class education to help them overcome hurdles in the foreseeable future.

It's not just what we wish to do; it's a well-designed and well-equipped plan of action that we have taken to achieve our objective. We have gathered intellectual and physical resources, experts, and visionary people to make this goal a reality In Sha Allah.

OUR MISSION

Buidling a generation of students who are confident and morally responsible.

OUR VISION

Providing a platform to build skills and competencies among young students to face the 21st century and be great examples of good human beings.

WHAT MAKES US DIFFERENT

MONTESSORI INSPIRED PLAY GROUP

This is done by harnessing the philosophy of the Montessori method and customising it to fit the needs of children requiring moral teaching from the view of the Islamic lens.

COMPUTING SUBJECT FROM GRADE 1 WITH IT LAB

This is an age of Computing. To develop computational thinking in our students, we have introduced Cambridge Computing from grade 1 with the IT lab and Cambridge Computing Curriculum.

OUTDOOR GAMES FACILITY

Besides academics, We emphasize the physical development of the students. As such, we have placed our campus beside a field where students will have regular PE classes.

READING PROGRAM WITH STATE OF THE ART LIBRARY

Acquisition of a second language, such as English or Arabic, requires extensive reading and access to comprehensible input. To ensure this, we have a library with a range of targeted books and educational resources.

TRANSPORT FACILITY

We are equipped with transport facilities to facilitate our students' smooth transport from different points of Uttara.

ENQUIRY BASED LEARNING FOR SCIENCE WITH STATE OF THE ART SCIENCE LAB

We have designed our Science Curriculum in such a way that students learn scientific facts with hands-on experiments and develop the O-level skills required for experimental skill development.

INTERNATIONAL CURRICULUM OF ISLAMIC STUDIES FROM SAFAR ACADEMY (UK)

We have brought the unique Islamic Studies Curriculum from Safar Academy (UK) that is visually engaging and concise for learning.

SCIENCE CLUB, CODING CLUB MATHS CLUB AND READING CLUB

Club activities are vital for peer learning and creative thinking. At Annoor, we organize different clubs to enhance team-building skills and also to increase students' enthusiasm for Coding, Mathematics, and Reading.

SINGAPORE MATHEMATICS FOR PRIMARY

We have introduced Singapore Mathematics that is world renowned for its effective teaching method using CPA (Concrete, pictorial and abstract) method for learning Maths.

CAMBRIDGE TRAINED LEAD TEACHERS

Our primary lead teachers are trained from Cambridge. So, parents can have confidence in the skills of our Teaching team.
